

Following is a list of contact information for companies that either have developed or are currently developing a vaccine for COVID-19. As the two vaccines currently available in the United States were both tested on abortion-derived cell lines, as Catholics, although we may receive either vaccine without incurring moral guilt, we must actively advocate for the development of ethical vaccines with no ties to abortion in any phase of design, development or testing. This may be done by contacting the pharmaceutical companies listed below. **On the following page is a sample format for such urgent and important advocacy.**

**Pfizer**

Dr. Albert Bourla - CEO  
235 East 42nd Street  
New York, NY 10017

Nanette Cocero  
Global President – Vaccines  
235 East 42nd Street  
New York, NY 10017

Link for e-mail:  
<https://www.pfizer.com/contact/email>

**Moderna**

200 Technology Square  
Cambridge, MA 02139  
Phone: 1-866-MODERNA (1-866-663-3762)  
Fax: 617-583-1998

**Novavax**

21 Firstfield Road  
Gaithersburg, MD 20878  
Phone: [240-268-2000](tel:240-268-2000)

**Glaxxo – Smith Kline (GSK)**

5 Crescent Drive  
Philadelphia, PA 19112  
Phone: [888-825-5249](tel:888-825-5249)

**Sanofi U.S.**

55 Corporate Drive  
Bridgewater, NJ 08807  
E-mail: [cs@sanofi.com](mailto:cs@sanofi.com)

**Inovio**

Dr. J. Joseph Kim, CEO  
660 W. Germantown Pike, Suite 110  
Plymouth Meeting, PA 19462  
Phone: 267-440-4200

Dr. Kate Broderick  
Senior Vice-President, R&D  
10480 Wateridge Circle  
San Diego, CA 92121  
Phone: 858-597-6006  
[ino@inovio.com](mailto:ino@inovio.com)

**MERCK**

Kenneth Frazier, CEO  
2000 Galloping Hill Road  
Kenilworth, NJ 07033  
Phone: 1-908-740-4000

**Johnson & Johnson**

One Johnson & Johnson Plaza  
New Brunswick, New Jersey 08933  
Phone: (732) 524-0400

Dear \_\_\_\_\_,

I am (*or We are*) writing to thank you for the work \_\_\_\_\_ (name of company) has done in vaccine research and development. I, along with millions of Americans, appreciate and support your ongoing efforts to develop effective, safe and widely available vaccines against serious, potentially fatal viral infectious diseases.

However, I, along with many Americans, must also strongly object to the unethical and unnecessary use of tissue, cells, or cell lines derived from voluntary abortions or human embryos in vaccine design, development, production, or testing.

While many will consent to receiving these ethically compromised vaccines for the sake of the common good, we do so with grave concern and under protest due to their exploitation of innocent human life, no matter how remote.

As a nation, we must all work to restore the fundamental principle that the dignity of every human life must be defended from its conception to natural death. This duty is particularly significant for the pharmaceutical industry, whose mission is to safeguard life and health without compromising fundamental ethical standards.

I implore you to work expeditiously to develop a safe and effective vaccine without human exploitation. This would avoid placing anyone in the impossible position of having to choose to violate his or her conscience in order to be vaccinated against a dangerous virus.

Sincerely
